12 p. m.—Banquet at Elks' club room.

The big herd of Elks is coming. Some are here, but they are merely the forerunners of those that are to follow tomorrow afternoon. It is estimated that the attendance of the special session of Tonopah B. P. O. E. will be the largest in the history of the local order. Those who were inducted last December are coming again, as the memories of that visit are still fresh in the minds of the boys from the eastern end of the state. In addition, some thirty odd candidates from White Pine county will be here to ride the goat and get the goats of the fellows who make them ride—for they all like to get even and they usually succeed. It is estimated that not less than 150 visitors will be here for the occasion and the Goldfield bunch will swell the ranks of the pleasure-makers.

#### PROMPT PAYMENT TAXES REPORTED BY TREASURER

#### MONEY MORE PLENTIFUL THAN LAST YEAR IN THIS COUNTY.

If the way in which taxes are paid is any barometer as showing the condition of business in a community, and it is usually so considered, then the financial conditions of Tonopah and Nye county can be said to be comparatively satisfactory.

#### MT. ODDIE TANK BURNS IN A GALE

BLAZE WATCHED WITH KEEN INTEREST UNTIL IT IS EXTINGUISHED.

At 2 o'clock this afternoon a crossed connection on the huge wooden tank of the Tonopah Mining company, near the top of Mount Oddie, caused fire to start in the covering of the reservoir, which burned furiously, fanned by a wind that blew at the rate of 35 miles an hour. The spectacle was watched from the business district for some time before the fire was attacked by employees of the company. The loss will not amount to much and there will be no interference with the water service on Mizpah hill.

## PETTICOATED PESTS INVADE THE PRIVACY OF BRITISH ROYALTY AND REMAIN UNTIL DRAGGED OUT BY THE POLICE FORCE

(By Associated Press.)  
LONDON, May 22.—King George and Queen Mary were compelled to listen to the harangue of a suffragette while attending a matinee at his majesty's theater. The woman arose and began addressing the king.  
"You Russian czar," she shrieked.  
Attendants who tried to get her out found she was chained to the seat and had to file the links. While this was in progress women in different parts of the theater began shouting at his majesty. One jumped on the stage and began a speech. She was thrown out and others began. Eventually all the disturbers were ejected.  
"Wild women" of the women's society political union of suffragettes continued their terrorizing tactics today, making two attacks on national art treasures. Turmoil and trouble in the vicinity of Buckingham palace, where a column of women attempted yesterday to reach the king with a petition, had barely subsided when a woman with a loaded cane ruined five masterpieces in the National gallery. Simultaneously another wrecked a picture in the Royal Academy of Art. Among the pictures damaged in the National were the "Madonna and Child with Infant Saints" and "Christ's Agony in the Garden."

#### YELLOW MAN DIES POOR AFTER YEARS OF KINDLY LIFE

OLD MAN WHO LIVED IN THE BEST CAMPS OF SOUTH-EASTERN NEVADA.

Charlie Chung is dead. He died at the county hospital after spending 45 years in the mining camps of Nevada. He was one of the best known characters in old Esmeralda county and during the best days of Candelaria, Marietta and the palmy days of Hawthorne, he was the friend of the white man and many a poor prospector owes him for more than one meal. Charlie was not rich when death claimed him or he would not have been a county pauper, but the taxpayers will not have to pay for interring his withered old frame. His countrymen take more pride in providing decent interment than do many of their white associates, and the cost of the funeral will be defrayed by the Mongolian colony.

Charlie, with Billy Ford, opened one of the first restaurants in Tonopah, and for two years theirs was the most popular eating place in camp. He boasted of the friendship of numerous white men, among whom he numbered scores of good advisers. One man who always looked after Charlie's financial affairs is authority for the statement that Charlie in one month alone gave away meals valued at \$1,400 to poverty-stricken miners and, to the shame of the white race, it must be added that not one of the beneficiaries of the despised yellow race ever found time to pay back a single dollar of the charitable donation.

This was only a sample of Charlie's generosity and his good nature made him the prey of a lot of con men who subsisted on his bounty. The old chief was warned repeatedly against the impostors, but to his bland nature all white men were alike and he never learned to distinguish between the reputable and disreputable. Notwithstanding these impositions Charlie flourished when times were good and he saved quite a substantial hoard with the intention of returning home to the land of the dragon, where his bones would rest in peace. He carried a bank account with the State Bank and Trust company and never could be made to understand why he could not draw his money after the bank closed its doors. To the last he clung to his bank book, which he would show friends and inquire when he was going to receive the balance due on his account. He failed to master the mysteries of frenzied finance of the Rickey order and died poor.

There is no way of knowing his age, but it is supposed he could not have been less than 65, as old timers here know of his having been in Hawthorne when they were boys. Death was due to natural infirmities brought on by rheumatism. He was an old friend of Foo Yuen, the launderman, who will look after the burial.

#### SLAIN BY BANDIT IN ROADHOUSE SAN MATEO COUNTY

ONE OF GANG SHOT TRYING TO ESCAPE IN STREET CAR.

(By Associated Press.)

Donovan ran and was shot. He was caught on a street car.

#### MORGAN IS SAVED FROM INDICTMENT BY HIS ILLNESS

GRAND TRUNK DEAL IMPLICATED THE NEW YORK BANKER.

(By Associated Press.)  
WASHINGTON, May 22.—Charles Melien, president of the New Haven, told the interstate commerce commission about his negotiations with the Grand Trunk for which he was indicted by the federal grand jury for alleged conspiracy. J. Pierpont Morgan was interested in the deal. Melien told of writing a letter to shield Morgan. Later he had an interview with Morgan, Jr. The latter said his father was in bad health and couldn't have stood the indictment at that time.

#### FIRES ARE RAGING ALONG BORDER TAKING IN CANADA

FOREST FORCES CALLED OUT TO CHECK PROGRESS OF CONFLAGRATION.

(By Associated Press.)  
SEATTLE, May 22.—Many forest fires are raging in West Washington and across the Canadian line to the Columbia river. Government authorities fear the fires may spread because the woods are particularly dry. The forest fire association has ordered its men to fight fires. Several towns are menaced, one being Nooksack, near Bellingham. Fire is on each side of the town and every available man is out fighting.  
Eight cottages and shingle mill were burned north of Vancouver, B. C. The blaze is sweeping Grouse Mountain. The loss in the neighborhood of Vancouver is \$200,000. Slamon, forty miles north of Vancouver, is in danger. A steamer with government fire fighters has been sent out. Several logging camps are destroyed. There is a high wind and the fire is spreading.

#### EXODUS OF ALL CLASSES FROM GUADALAJARA

GETTING AWAY FROM DOOMED CITY IN PATH OF THE REBELS.

(By Associated Press.)  
BOARDS U. S. S. CALIFORNIA, MAZATLAN, May 22.—Via San Diego Wireless—With constitutionalists closing in on Guadalajara, a flying squadron of cavalry preceding the main body of the army with instructions to destroy the railroad between the point of attack and Manzanillo, the exodus of foreigners from Guadalajara to the Pacific coast is on in earnest. Most of the Americans have left the interior, all nationalities are in flight to Manzanillo to escape before being shut off.

#### STATE IS HEIR TO PROSPECTOR.

Because he left \$2,000 and no heirs, Hans Kana, a prospector who died several months ago in a Reno hospital, became upon his death the involuntary contributor to the state treasury of the sum of \$526.20.

Success is attending experiments in Sweden with perforating the webs of street car rails to increase their resiliency and add to their life when laid on rigid foundations.

#### POTASH PROMOTERS AT SEARLES LAKE FALL OUT AGAIN

HENRY E. LEE ARRESTED, THEN RELEASED ON WRIT OF HABEAS CORPUS.

SAN FRANCISCO, May 22.—Henry E. Lee, claimant to the gigantic potash deposits in Searles Lake, surrendered to Chief of Police White today on a charge of felony embezzlement preferred by Leo L. Forman, in San Bernardino county. Lee was released immediately on a writ of habeas corpus issued by Superior Judge Cabanis, returnable on Friday. Bail was fixed at \$1,000.

The complaint charges Lee with the embezzlement of a deed to a portion of the potash lands. Lee ascribes his prosecution to the antagonism of the American Trona Corporation, a subsidiary of the Foreign Mines Development company, Limited, of London and South Africa, which disputed his claims to the potash treasure.

Instructions to arrest Lee were telegraphed to this city several days ago by Sheriff Ralphs, of San Bernardino, who informed the local police that Burns detectives would point Lee out to the arresting officer. He succeeded, however, in evading service of the warrant until today, when he decided to give himself up.

According to Lee, his arrest is the outgrowth of a sensational race across the desert last year with an armed posse of Burns detectives, who followed him from San Francisco and overtook him on the desert in time to prevent him from doing assessment work on his potash claims. At that time Lee sent for Sheriff Ralphs to arrest the men whom he accused of preventing him from doing the work he had planned. The sheriff visited the scene of the encounter, but Lee declares that he declined to make the arrests.

Since then Lee has been arrested repeatedly on felony charges, each of which, prior to this time, has been dismissed in the police court.

#### FIFTIETH ANNIVERSARY.

At the next meeting of the grand lodge of Masons of Nevada, at Reno, on the 9th of next month, will be celebrated the fiftieth anniversary of the organization of the body in this state. The session will probably be the largest that has ever been held in Nevada.

#### BUSINESS MEN URGED DECORATE THEIR STORES

Everybody in Tonopah should do what they can to render the city attractive for the coming session of the B. P. O. E., which will be attended largely by citizens of other camps. The best way to do this would be to display bunting of the purple and white the colors of the order.
